Flowerfield's

QUALITY *Bulbs - Roots - Plants* SINCE 1874

Flowerfield Bulb Farm was established on Long Island in the seed and bulb business in 1874 where it became one of the most reputable distributors and growers of its time. On through the years, this enviable reputation has remained with us today. We are justly proud of the part that Flowerfield has contributed to American horticulture, and the traditions in which it continues to serve. In this, our 72nd year, we again offer our customers that same kind of service and quality merchandise only experience and ability can supply.

A Spring Blooming Garden

Flowers all the year 'round

To the gardener and flower lover, we present here plants and bulbs for his choice and pleasure for flowers all the year 'round.

Beginning with autumn planting, when the foundation of the garden is wisely laid down for next year's enjoyment, we offer the plants and bulbs that will open up in the spring an outdoor garden parade of beautiful flowers.

Meanwhile, one need not wait until next spring to enjoy some blooms. During the winter months one can have lovely flowers by planting some bulbs in pots, bowls or even in a glass placed here and there around the home. The pastime can be even more indulged by those who possess a small greenhouse. After the spring garden has been prepared, attention can then be turned to raising flowers indoors until nature again unfolds outdoors in spring.

BULB AND PLANT CATALOG

Flowerfield Bulb Farm was established on Long Island in the seed and bulb business in 1874, where it became one of the most reputable distributors and growers of its time. We are justly proud of the part Flowerfield has contributed to American Horticulture, and in the traditions in which it continues to serve. In this, our 72nd year, we again offer our customers that same kind of service and quality merchandise only experience and ability can supply.

As growers, we are proud of our stock and are willing to back up that pride by guaranteeing all our products to the limit. Flowerfield grows and sells healthy products only. From our 360-acre farm on Long Island our bulbs, seeds and plants are known the world over for their superior root system, size and vigor.

Our plants and bulbs, guaranteed to reach you in good condition, are carefully packed in scientifically prepared corrugated boxes. Special preparations are made to protect deliveries to all parts of the world. Plants are freshly dug and packed in sphagnum moss and waterproof paper. Bulbs are kept in ideal storage conditions, are hand sorted and selected true to name for your individual orders.

In order to serve you better, Flowerfield suggests that you order your selections as soon as possible. This will allow our staff to prepare acknowledgements of your orders and allocate stock for shipment to you at the ideal time for planting.

Complete cultural directions will be included with acknowledgement of your order.

Note:

ALL BULBS AND PLANTS ARE SHIPPED POSTPAID ANYWHERE IN THE U.S.A.

This is Flowerfield's Fall 1946 Catalog. It contains the finest varieties of bulbs and plants for fall planting. There are many other varieties of bulbs, roots and plants not listed here, only because we do not recommend that they be planted or transplanted in the fall. Subjects such as roses, gladiolus, dahlias, and chrysanthemums are best planted in the spring and are listed in our catalogs for spring planting.

Planting Time for Hardy Plants and Bulbs

In this catalog are listed all of the plants and bulbs that we advise to be planted in the autumn (from late August until mid-November). As each plant has its own cycle of growth, flowering season, and resting period, consideration must be given to its correct planting time. As a general rule, any perennial or hardy plant or bulb that blooms during the months of April, May and June and until mid-June, should be planted in the autumn. (Roses and Delphiniums are among the few exceptions.) Naturally, fall planting gives your garden a decided headstart next spring. It is also a very wise way to co-operate with Mother Nature. Plants become well established and vigorous before the winter sets in. In short, fall planting is just good, common garden sense—that's why we have included in these pages only those bulbs and plants which are best planted at that time. Spring planting—Roses, Delphiniums, Gladiolus, Dahlias, Cannas, Tuberous Rooted Begonias, Phlox, Chrysanthemums and all annuals and vegetables will be listed in our spring catalogs.

HOLLAND GROWN TULIPS

Tulips are the most popular spring-blooming flowers in the world. Their bright colors and cheerful displays are garden investments that pay high premiums of beauty. The true origin of Tulips is unknown except that they were first discovered growing in Turkey in 1560. Later they found their way into Holland and played an important role in the economic life of The Netherlands. In 1634 to 1638, they became a national craze. This period is often referred to by Dutch historians as the era of Tulipomania.

The new varieties and ultra-modern types have been greatly improved since that time. Feeling that our function here at Flowerfield is to aid in your selections rather than create confusion with long lists of virtual duplicates, we are listing only the most attractive flowers, distinctive, of high quality, and easily adapted to a wide range of garden uses. These we have grouped by colors rather than by classes such as Darwins, Cottage, etc. The colors will be found in the following pages. The time of bloom is presented herewith:

EARLY-FLOWERING	MAY-FLOWERING	
SINGLE EARLY TULIPS	LILY-FLOWERING TULIPS	DOUBLE LATE TULIPS
BOTANICAL TULIPS	COTTAGE TULIPS	BREEDER TULIPS
TRIUMPH TULIPS	PARROT TULIPS	DARWIN TULIPS

We recommend that Tulips be planted in colonies of a single color group and that not less than a dozen bulbs be planted together in a color group.

The Red Varieties

All Bright. *Darwin.* A new variety, this fiery scarlet Darwin with light magenta edges embraces all the good qualities of the well-known Bartigon, of which it is a sport. A sturdy growing Tulip most effective when planted in masses along pathways or walks in the garden. Height 30 inches.
Doz. $2.25, 100 for $15.00

Brilliant Star. *Single Early.* An early blooming Tulip that will blend exceptionally well with all other flowers in the garden. Bright vermilion-scarlet. Excellent for forcing, and particularly effective where earlier blooms are desired. Height 28 inches.....Doz. $2.75, 100 for $12.50

Campfire. *Darwin.* An improved sport of the popular Bartigon. A dark, blood-red with a lustrous surface and a crimson-red center. This flower is superb for a rich color effect when planted among lighter-colored Tulips in the border. Excellent for cutting. Height 26 inches.
Doz. $2.00, 100 for $13.50

Capt. Fryatt. *Lily-Flowered.* A garnet-red with strongly reflexed petals. The color and shape of this variety make it especially desirable. Height 24 inches.
Doz. $2.75, 100 for $17.50

THERESE

CITY OF HAARLEM

Indian Chief. *Breeder.* Of glorious coloring and perhaps the most artistic of all breeder Tulips. A burnished coppery-brown, flushed with illusive mauve-colored lights. Height 36 inches. Doz. $2.25, 100 for $13.00

King George. *Darwin.* A glowing scarlet-rose Tulip of regal bearing and form. The chalice cup is graciously modeled and deep; the petals wide and reflexing. Very effective against a background of Bleeding Hearts or White Spirea. Height 30 inches.....Doz. $2.00, 100 for $13.50

Scarlet Emperor. *Cottage.* One of the true patricians of the Cottage Tulip family. *(Illustrated.)* This handsome bloom exhibits a graciousness and dignity always admired wherever it is grown. The long and narrow flowers are brilliant scarlet with black anthers and a pure orange base. The reflexing petals are long and pointed. A stunning variety in the border, or when planted in front of dark evergreens. Height 24 inches. Doz. $2.25, 100 for $15.00

Scarlet Leader. *Darwin.* A red-scarlet of magnificent size and color. This compelling flower in the garden is conceded to have the clearest color tone of all the pure red Tulips. Excellent as a border plant and superb in contrast with pure white and deep yellow Tulips. 30 inches...Doz. $2.00, 100 for $13.50

Telescopium. *Triumph.* Enormous flowers of shining reddish purple on stiff stems. Flowers very early and is also excellent for forcing. Height 20 inches.....Doz. $2.00, 100 for $13.50

Therese. *Parrot.* This glorious red Parrot Tulip continues to be the sensation of all garden exhibitions wherever it is shown. *(Illustrated.)* For years now in our trial gardens, this lavish bloom has never failed to incite interest and comments of awe from our many visitors. Its artistic design and coloring give it that sumptuous effect we like to call the perfect flower. Suitable for spotting among evergreens, or along well-planted borders, it is just as much at home when grown indoors. Excellent for pot culture. Height 24 inches...Doz. $4.50, 100 for $30.00

Charles Needham. *Darwin.* The unusual coloring of this deep red Darwin will draw immediate attention in the border. Flowers are large, well-formed, and gracefully narrowed at the base. Height 28 inches.....Doz. $2.75, 100 for $17.50

City of Haarlem. *Darwin.* Perhaps the most popular of all red Tulips in the world. *(Illustrated.)* Certainly one of the largest and most beautiful flowers ever introduced into this country from Holland. City of Haarlem has that elusive elegance and perfect form that comes only from generations of careful breeding. Truly a magnificent Darwin with a dark violet base outlined in pure white. Height 28 inches.....Doz. $1.75, 100 for $12.50

Eclipse. *Darwin.* A self-portrait of charm and beauty, this lovely flower is the indispensable Tulip in the garden for color. A glowing, rich, dark red with a violet-blue margined center. The cup is large and deep. The stems are long and slender, adding a grace and dignity that will bring character to any planting. Enthusiastically recommended for all spring gardens. Height 30 inches.....Doz. $2.25, 100 for $15.00

Farncombe Sanders. *Darwin.* A cheerful and charming cochineal-red Tulip with a clear white base. This flower looks especially well when cut and brought indoors. The blooms are large, perfectly shaped, and are gracefully carried on long, slender stems. Height 28 inches.....Doz. $1.65, 100 for $11.50

Gloria Swanson. *Darwin.* This flower is considered by many the largest growing Tulip of its kind and color ever raised. An enormous, raspberry-red with a distinct bluish base that is always admired for its stylish appearance in the garden. Flower petals are thick and glossy, carried on lovely, slender stems. Highly recommended. Height 32 inches.....Doz. $2.00, 100 for $13.50

SCARLET EMPEROR

PINKS *and*

ROSABELLA

Rosabella. *Cottage.* Although classified as a Cottage Tulip, Rosabella is almost a Darwin in form. Its color is a delicate rosebud pink, with a blush of deeper pink suffusing each petal. The chalice cup is wide and handsomely contrasted with black anthers. Rosabella is one of the most desirable of Tulips. *(Illustrated.)* Height 28 inches.
Doz. $1.75, 100 for $12.50

MRS. H. I. PRATT

Aphrodite. *Darwin.* The goddess of beauty and nature in Tulips, for, among all Giant Darwins with large square cups, this lovely flower has a very special charm. An extraordinarily graceful pink flower with a delicate shading of soft buff at the edge of the petals. The inner base of the bloom is tinged in light silvery pink. Exquisite as a bedding variety in the garden. *(Illustrated.)* Height 30 inches.
Doz. $2.00, 100 for $13.50

Mrs. H. I. Pratt. *Cottage.* This diadem of loveliness is a most artistic flower. Its color is a radiant cochineal-pink with a translucent effect of golden light shining through the edges of the petals. Excellent for cutting. *(Illustrated.)* Height 26 inches.....Doz. $2.00, 100 for $13.50

Dresden China. *Darwin.* Elegantly shaped flower of true Darwin type, carried on very tall, straight stems. The well-chosen name is indicative of the unusual colorings represented in this fine variety. It is a bright pink Tulip with a lighter edge that draws immediate attention in a collection. Height 29 inches.
Doz. $2.00, 100 for $13.50

Eunice. *Darwin.* A real exhibition variety. Very tall cup-shaped flowers of deepest pink, shading to a bright rose coloring at the base. This charming flower when open reveals a bluish white center; the effect gives the entire bloom a stunning appearance. Always popular at the garden shows. Height 28 inches.
Doz. $2.25, 100 for $15.00

Geisha. *Cottage.* A beautiful hybrid Tulip of dove-gray. The edges of the petals are flushed in amber-rose. The interior of the bloom is pale pink and has dainty bright yellow centers. Excellent for cutting. Height 28 inches.
Doz. $2.50, 100 for $16.50

Ibis. *Single Early.* A lovely subject for formal beds on the lawn as well as for garden borders. One of the earliest of the forcing Tulips. The color is soft rose-pink; the flowers wide and globular in form and sweet scented. Height 14 inches.
Doz. $2.00, 100 for $13.50

Kathleen Parlow. *Darwin.* This stately flower is especially valuable where colors in massed effects are desired. Kathleen Parlow has a certain elusive charm that always blends well with other spring flowers. Large and beautifully shaped silvery rose, with an enchanting white halo at the base of the bloom. Height 26 inches.
Doz. $2.25, 100 for $15.00

Muriel. *Darwin.* Clear pastel violet-pink, a color rare among Tulips of exhibition quality. Large flowers of fine substance; petals slightly reflexed, shading to pale

PASTELS

Nova. *Triumph.* Beautiful large old-rose flowers, tinted with carmine and with apricot edges. This flower is seen at best advantage when planted in clumps in the herbaceous border or among evergreens and shrubs. Can be forced from January 15th. Height 16 inches.....Doz. $1.75, 100 for $12.50

Pink Beauty. *Single Early.* A delightful bloom of bright cherry-rose with a white stripe in the center of the petals. As a bedder, Pink Beauty has no equal. Its vivid contrasting colors show most conspicuously in the foreground. Height 12 inches.
Doz. $2.25, 100 for $15.00

Pride of Zwanenburg. *Darwin.* This pink flower should not be confused with the white Darwin Tulip Zwanenburg. Pride of Zwanenburg is a very popular variety for the American garden, and is well adapted to our climate all over the country. It is an extraordinarily graceful rose hybrid with soft pink and salmon color shadings toward the base. Sturdy flowers of large size on long stems. Height 28 inches.
Doz. $1.75, 100 for $12.50

Princess Mary. *Darwin.* A lovely Tulip of exquisite grace and form. The flowers are warm soft rose-pink, with fawn-colored lights sprinkled within the chalice of the bloom. The cup has a white base and a bold streak of pale cerise shading the sides of each petal. Its magnificent coloring shows to best advantage when planted in partial shade. Highly recommended. Height 30 inches.
Doz. $2.50, 100 for $16.50

MURIEL

ose toward the outer edges f the petals. A Tulip of lelicate beauty. Height 28 nches.

Doz. $2.25, 100 for $15.00

Venus. *Darwin.* The loveliest, deepest pink we have in our collection. Venus has already distinguished itself many times at the garden shows. Planted near white Persian Lilacs it gives a splendid effect. It is offered here at a moderate price. Height 30 inches.
Doz. $1.75, 100 for $12.50

Sirene. *Lily-Flowering.* A lovely urn-shaped silvery pink with cerise shadings toward the base of the bloom. Artistically formed and beautifully proportioned. Petals are very wide and graceful. An excellent flower for cutting purposes. Blooms in May. *(Illustrated.)* Height 20 inches.
Doz. $2.00, 100 for $13.50

APHRODITE

PUT GOLD *in*

Avis Kennicott. *Cottage.* A lovely clear Tulip. Very large chrome-yellow with contrasting black base and anthers. The flowers are straight on strong, sturdy stems. A startling garden effect may be had from this variety by planting it in masses along the border or in the foreground. Excellent for cutting. Height 29 inches.....Doz. $1.75, 100 for $12.50

Golden Age. *Darwin.* A magnificently formed and beautifully toned old gold, cup-shaped flower. The glossy blooms are gilded and sparkle in the sun. Golden Age is one of the handsomest Tulips we have on our fall listing. Height 28 inches.....Doz. $2.25, 100 for $15.00

Inga Hume. *Grullemanni.* The amazing result of crossing a Kaufmanniana Tulip with a Darwin. Long pink-red tapering flowers with a black base, containing myriads of tiny red dots along the edges of the petals. The inside coloring of Inga Hume is the most intense yellow known to the Tulip world, the color of real butter. A fascinating flower that will last longer in the garden than any other Tulip we list. Height 26 inches.
Doz. $2.75, 100 for $17.50

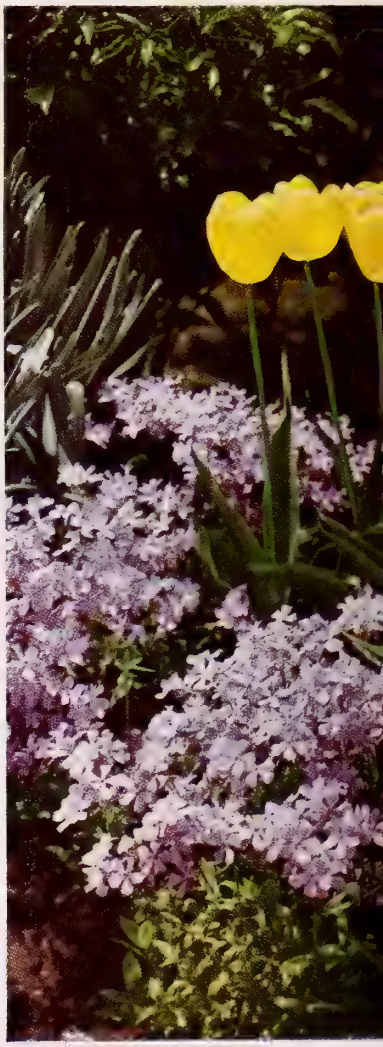
Keizerskroon. *Single Early.* This Tulip, for its splendid form and contrast in color, holds a place by itself among the early blooming yellows. Keizerskroon is an old favorite of long standing. It has large flaring flowers with center colored triangles of bright crimson-red. The petals are broadly edged with yellow and have gilded segments at the base of the cup. Height 16 inches.
Doz. $2.00, 100 for $13.50

Sunkist. *Darwin.* This beautiful flower is the crowning climax of over one hundred years effort and research on the part of the old Dutch Tulip breeders in Holland to produce a true yellow Tulip without any variation of shade. The blooms are brilliant golden yellow with elongated petals that will not burn in the sun or fade with age. Don't miss planting some this year. Height 30 inches.
Doz. $2.25, 100 for $15.00

Mon Tresor. *Single Early.* One of the brightest spring-flowering plants for brilliancy of bloom among the earlies. The color of Mon Tresor is pure golden yellow throughout. Petals are wide and crinkled, giving the flower a decidedly artistic appearance. Superb for growing indoors in pots and pans. Height 12 inches.
Doz. $2.00, 100 for $13.50

Moonlight. *Cottage.* A lovely soft bright canary-yellow Tulip of sturdy, noble proportions that will lend grace and dignity to any garden. The flowers are long and oval-shaped, reflexing at the tips of the petals. This handsome Tulip was exhibited several times at the New York Flower Show this year where it drew unusual attention. Beautiful in the border among Wedgwood-blue Iris or Bleeding Heart. Height 25 inches.
Doz. $2.25, 100 for $15.00

Cherbourg. *Breeder.* One of the finest golden yellow Tulips in its class. Cherbourg has a deep tone of terra cotta with yellow overtones growing stronger towards the edges of the petals. Adding to its other charms it has an exquisite springlike fragrance and is always greatly admired. Blooms in mid-May. Height 30 inches.
Doz. $2.25, 100 for $15.00



PHLOX DIVARICATA

Phlox Divaricata. It may seem peculiar to list a blue-flowered perennial plant on a page of yellow Tulips, but we know that thousands of our customers will want these lovely flowers among their Tulips next spring. Sturdy and easily grown. Three $1.35, Doz. $4.50

your GARDEN

Yellow Giant. *Darwin.* An outstanding variety for size and height that is particularly good for bedding purposes. A golden yellow large flower with black anthers. The cuplike blooms are especially effective when planted with blue-flowered perennial plants. Beautiful in drifts above Muscari Plumosum. Height 32 inches.....Doz. $2.25, 100 for $15.00

Niphetos. A pale yellow Darwin Tulip with long flowers of superb form, the rounded petals slightly flaring. Flowers of remarkable texture and great lasting qualities. Far superior to any other Tulip in this color and highly recommended. Height 29 inches..Doz. $2.00, 100 for $13.50

Wallstreet. (Cottage.) One of the earliest of the May-blooming Tulips, and a great favorite for use as a cut flower. Wallstreet has long, oval, deep yellow flowers with reflexing petals. Stems are thick, sturdy and straight. Height 24 inches.....Doz. $2.25, 100 for $15.00

Breeder. A Giant Breeder, one of a new race that has a size, quality and substance surpassing all others. Purplish bronze petals with a yellow base. Highly recommended. Height 34 inches.
Doz. $2.75, 100 for $18.50

THE BISHOP
Darwin. Perhaps the most striking of all the Blue Tulips. It is a tall variety of sparkling bishop's-purple. Ebony-black anthers rise in slender spires from a white base. Ideal above a carpet of Violas. Height 29 inches.
Doz. $2.25, 100 for $15.00

Helen Eakin. *Darwin.* The purest white Darwin form of a Tulip. Flower petals are thick and glossy, exuding a simple beauty that will appeal to all. It is one of the earliest to bloom. Ivory-colored anthers. Height 28 inches.....Doz. $2.00, 100 for $13.50

Kansas. *Triumph.* This Tulip is set apart from all others by contrast of its whiteness and glowing yellow base. The petals, opalescent and sharply defined, gild to a beautiful saffron center. Height 18 inches.....Doz. $2.00, 100 for $13.50

Mount Erebus. *Cottage.* Here is the perfect white Tulip. (Illustrated.) Snow-white, graceful in form and bearing, this lovely flower is truly a bloom of delicate beauty that will sparkle like a jewel in your garden. Superb for cutting. Height 28 inches.
Doz. $2.25, 100 for $15.00

MOUNT EREBUS

Doz. $2.25, 100 for $15.00

White Duchess. *Lily-Flowering.* Pure white flowers whose pointed petals are like those of a Lily. Of interesting form for planting in clumps in the border and especially desirable for cut flower arrangements. Height 20 inches.....Doz. $2.25, 100 for $15.00

White Hawk. *Single Early.* Large white globular blooms flowering much in advance of the May-Flowering types. Excellent for foreground planting in the border. Height 12 inches.
Doz. $2.00, 100 for $13.50

Zwanenburg. *Darwin.* White Tulips must have good form. As they lack coloring, their chief distinction must be in their grace and habit of growth. In both of these characteristics Zwanenburg truly excels. For your evening garden, for contrast, or just because you love white Tulips, here is one of the finest you can buy. Height 28 inches.....Doz. $2.00, 100 for $13.50

Additional white Tulips listed on other pages:

Carrara. Page 14.

TULIPS

"Shades of Blue"

Mme. Butterfly. *Darwin.* The Chantress of form and beauty among Tulips; the coloratura of all Darwins for unmatched loveliness. This tall and stately exhibition bloom of pale mauve-lilac will blend effectively with almost every color. Height 30 inches.
Doz. $2.25, 100 for $15.00

Bacchus. *Breeder.* A beautiful bloom of violet-blue. The flower is gracefully held at the top of a 30-inch stem. Excellent for cutting. Plant in colonies.....Doz. $2.00, 100 for $13.50

Blue Eagle. *Darwin.* Wide cup-shaped flowers of magnificent size, with a stunning color of rich deep purple. The anthers are pitch black. Base of petals plum-colored blue. Height 29 inches.
Doz. $1.75, 100 for $12.50

BLUE EAGLE

Georges Grappe. *Breeder.* The tallest of all Giant Breeders. A handsome flower in soft mauve, heightened by a dark blue base. Planted as a background subject it will give your garden a splendid effect. Height 36 inches.....Doz. $3.00, 100 for $20.00

La Tulipe Noire. *Darwin.* This is the world famous "Black Tulip." Its black nigrine-purple coloring will add depth and dignity to the garden. Height 26 inches.....Doz. $2.00, 100 for $13.50

Louis XIV. *Breeder.* An even tone of rich dark purple with a broad margin of golden bronze. A monarch among Tulips, bearing immense globular, scented flowers on tall erect stems. This Breeder combines well with other purples, lavenders, and yellows in the border and is a superb variety for forcing. Height 32 inches.
Doz. $2.25, 100 for $15.00

Mrs. Mandel. *Darwin.* The graceful chalice line of this Tulip is perhaps best shown here in this stunning violet-blue Darwin. A charming flower for use in clumps among shrubbery or along the borders. Height 26 inches.....Doz. $2.25, 100 for $13.50

MME. BUTTERFLY

Reliance. *Darwin.* An exquisite novelty of lilac and violet-blue, shaded with silvery streaks at the base of the petals. The flowers are erect and slightly campanulate (funnel-shaped) and are staunchly carried on long, wiry stems. Highly recommended. Height 30 inches.
Doz. $2.25, 100 for $15.00

Scotch Lassie. *Darwin.* A pure deep lavender. This slightly reflexing and well-formed flower is robust in habit and sweet scented. It makes a lovely picture when near white Violas. Height 27 inches.....Doz. $2.00, 100 for $13.50

MRS. MANDEL

BOTANICAL TULIPS *(Species)*

DASYSTEMON

Botanical Tulips are available again.

These beautiful and rare flowers of Asiatic origin may be best planted in the rock garden, in nooks and corners among shrubbery, or along perennial borders. The following collection of Tulip Species (Botanical Tulips) includes a number of beautiful and interesting varieties. Planted deep and left alone they will bloom every season for many years.

Clusiana. This charming rockery subject, known as the "Little Lady Tulip" is available again, but the quantity of the stock is limited. Delightful cherry-red outer petals that are variegated with white interiors. Height 14 inches. Illustrated.
3 for 55c, Doz. $2.00

CLUSIANA

3 for 55c, Doz. $2.00

Dasystemon. A most attractive, low-growing species, usually blooming 3 to 5 flowers on a stalk. Yellow flowers with bright yellow eyes edged with white. Illustrated. Height 6 inches. Doz. $1.75

Eichleri. Radiant crimson-scarlet flowers with yellow edges and black centers, most effective in the flower border. Huge blooms. Superb variety for forcing. Height 12 inches.....Doz. $1.50

Kaufmanniana. White and yellow with a soft yellow-tinged carmine exterior. Flowers very early and resembles a Nymphaea, sometimes called the Waterlily. Recommended. Height 8 inches.
Doz. $1.75

Kaufmanniana, Franz Schubert. A glorious argent-white throughout. Superior for garden, and suitable for forcing in a cool greenhouse at a temperature of about 50 to 55 degrees Fahrenheit. Height 8 inches.....Doz. $2.00

Turkestanica. A multi-flowering white with a beautiful yellow center. A profuse grower when planted in warm nooks, or among creeping plants. Height 10 inches.....Doz. $1.50

RED EMPEROR

This superb flower, shown in life size illustration, is considered one of the loveliest Tulips in existence today. Blooming even before the Single Early Tulips, a dozen bulbs of Red Emperor will create a mass of brilliance that will not be rivalled until the Oriental Poppies ignite the garden in June. As a matter of fact the two effects are almost identical. Red Emperor is admirably at home with all the light-colored spring flowers, particularly with hardy Alyssum. Height 18 inches.....Doz. $3.00, 100 $21.00

in Unusual Forms

PARROT TULIPS

The artistic form of these unusual Tulips make them especially suitable for cut-flower purposes. The old varieties are not recommended, but you will like to have some of these new quaintly shaped blooms for clumps here and there in the border, or where you have groups of evergreens. When gracefully spaced and planted in drifts, Parrot Tulips will produce an unusual effect and a great mass of color.

For pot culture and house decoration they are ideal. Forced slowly in not too high a temperature they develop into the finest growing indoor pot plants the home gardener can wish for.

Gadelan. A lovely border Parrot Tulip of bright violet, shading to steel-blue. This rare and unusually large flower is gracefully carried on an erect and strong 30-inch stem.....3 for $2.50, Doz. $8.50

Fantasy. A flower of gargantuan size whose magnificent color is the same gorgeous, pure salmon-pink found only in Darwin Clara Butt Tulips, of which Fantasy is a sport. The flowers are beautifully formed, measuring 6 inches across. The waxlike petals are heavy and thick, deeply crinkled, fringed, and laciniated in the center. The backs of the petals are shaded in marbled apple-green. This amazing flower becomes more beautiful as the plant ages, softening in tone until the entire bloom has turned to rose-pink. Fantasy is as capricious and as enchanting as its name implies. Very lovely with Scilla Campanulata. Height 26 inches. Illustrated.
Doz. $2.25, 100 for $15.00

Opal Queen. Here is one of our favorites. A flower of remarkable size, colored a delicate and beautiful pearly lilac-blue. An engaging combination with Phlox Divaricata, or yellow Iris. The stem is gracefully formed and 27 inches tall.
Doz. $3.00, 100 for $20.00

Red Champion. A large cochineal-red, flushed with scarlet. This radiant flower is a sport of the reliable old favorite, Bartigon. Excellent for pot culture. Decorative in the home as well as the garden. Height 24 inches. Doz. $5.00, 100 for $35.00

Sunshine. The finest golden yellow Parrot Tulip we know of that will hold its bloom for a long time. Deeply laciniated and cut, it is sometimes enhanced with a lovely marking of green at the base of the petals. Height 18 inches...3 for $2.50, Doz. $8.50

Therese. See page 4.

DOUBLE LATE TULIPS

Double Late Tulips bloom in the month of May. They are tremendous multi-petaled flowers equally as large as a full grown Peony. Like the Peonies they will last longer in water when cut and brought indoors. Double Late Tulips make marvelous subjects for formal beds or for garden borders.

Blue Flag. A lovely amethystine-colored flower, with large light-violet petals. Excellent for indoor decoration. Height 26 inches.....Doz. $2.00, 100 for $13.50

Coxa. A deep red ochre-orange double with white edges. Splendid for forcing from February 15th on. Exhibition variety. Height 24 inches. Illustrated.
Doz. $2.00, 100 for $13.50

Eros. Beautiful old rose. Very large double flower, strongly resembling a Peony. Admired for its graceful carriage, and sturdy, straight stems. Height 24 inches.
Doz. $2.00, 100 for $13.50

Mount Tacoma. Snow-white, large double flowers. A rare and most distinctive variety, particularly for indoor floral arrangements. Height 24 inches.
Doz. $2.00, 100 for $13.50

Uncle Tom. Rubescent maroon-red double, with large, glossy petals carried on long, straight stems. An triguing combination of shades and sweetly fragrant. Height 22 inches.....Doz. $2.00, 100 for $13.50

HOLLAND GROWN

MYOSOTIS

Dutch Hyacinths—like many other Holland bulbs, are again available—and are presented here to transform your garden into the precious source of scent and color so incalculably missed during the war years. As usual, our bulbs are the cream of the crop, as our customers know we deal only with the most reliable growers in the world. Flowerfield is proud of the distinction of having received the first shipment of Dutch bulbs to America in 1945.

IVANHOE

The darkest of the purple cerulean varieties. Late flowering, large bells and perfectly formed. One of the finest in its size and color. Illustrated.
Doz. $2.50

Grand Maitre. Deep lavender-blue with long, compact spikes. Early, and one of the finest dark blue Hyacinths. Blooms luxuriantly indoors.....Doz. $2.50

Jan Bos. Dark, carmine-red with large, well-filled spikes. A splendid bedder where brilliant color is desired. Doz. $3.50

King of the Blues. Dark violet-blue; large trusses with good-sized bells. A colorful and fragrant bloom.....Doz. $3.00

Lady Derby. Large, long, splendid trusses with beautiful rose-pink bells as illustrated. Early and fine for forcing or bedding. Very popular.....Doz. $2.50

L'Innocence. Pure white with fine, compact spikes. The large bells are carried on a sturdy truss. An excellent variety.

HYACINTH BULBS

Famous for their lovely fragrance and their great beauty, sweet-scented Hyacinths are the earliest large spring flowers to bloom. Few displays are as brilliant as a bed or border in your garden.

The listings below are bedding size bulbs, by all means the most common use for Hyacinths. For those who wish exhibition blooms or who wish to force the bulbs in water, we can supply mammoth exhibition bulbs of any of the listed varieties.

LADY DERBY

CITY OF HAARLEM
Probably the world's best known and most popular of all golden yellow Hyacinths. For sheer beauty and color, it cannot be duplicated anywhere. Illustrated.....Doz. $3.00

La Victoire. Shiny carmine-red. Medium-sized bells. A striking and outstanding variety, universally liked...Doz. $2.50

Myosotis. Pale Forget-Me-Not blue, beautifully balanced on well-formed trusses with large bells and immense sized spikes. One of the finest light blue Hyacinths. Illustrated. Doz. $2.50

Pink Pearl. Rose-pink. The flower is large and perfectly formed. Trusses are broad with good-sized bells and very strong stems.....Doz. $2.50

Queen of the Whites. A beautiful canescent ivory-white. Large snowy-white bells. Late flowering, and excellent for bedding or forcing.....Doz. $2.50

Yellow Hammer. Clear yellow. Large bells, forming a nice compact truss. An excellent early variety for pot culture. Doz. $2.50

MIXED HYACINTHS

For a riot of color in the early spring flower bed, nothing has the brilliance of Hyacinths. The scent is lovely and far reaching on the soft spring breezes.

CROCUS

CROCUS

Almost too well known to need description. The flowers appear in early March, with the petals huddling together for warmth. As the weather becomes milder, these gradually unfold wider and wider to become the cheery, cup-shaped flowers so well loved by all spring gardeners. Their bright golden anthers add the final crowning touch.

ENCHANTRESS. Soft pale blue. Doz. 65c, 100 for $4.50

GOLDEN GOBLET. Golden yellow flowers .....Doz. 75c, 100 for $5.00

STERNBERGIA LUTEA

A very effective autumn-flowering plant that produces Crocus-like flowers of rich, golden yellow colors. The bulbs themselves make a charming decoration indoors if planted in bowls or pots, where they flower a few weeks after planting. Out-of-doors the Sternbergia likes a warm, well-drained location on banks or borders, where it should be left undisturbed. The bulbs should be planted 9 inches deep. In cold districts a covering of dry litter should be applied in winter. Fine for the rock garden. This bulb at the present time is very scarce. Kindly place your orders early. Three $1.00, Doz. $3.50

COLCHICUM BORNMUELLERI

Large pink Crocus-like blossoms that appear during the months of September and October without foliage. The foliage appears early in the spring but disappears entirely by June. If it is desired, these bulbs will bloom indoors without any earth or water if kept near the window during the months of September and October. After the blooms have faded, the bulbs may be replanted outdoors again in early November without any noticeable damage.....Each 50c, Doz. $5.00

BULBOUS IRIS

If you want to give your garden only casual attention, and still be able to gather great armfuls of lovely cut flowers, you can find nothing to serve you as well as Dutch Iris. They are clean cut blooms, somewhat Orchid-like, in a splendid range of white, yellow, blue, purple and occasional bronze tones. Height 20 inches. They are perfectly hardy, surviving even the hardest winter, though a precautionary covering to prevent frost heaving may be applied. Set them 4 inches deep and 1 foot apart.

BLUE HORIZON. Tall flowers with unusually large blooms, whose standards are a lovely light violet-blue. The falls are soft, and sky blue, with narrow orange stripes.
Three 45c, Doz. $1.50

IMPERATOR. Uniform dark purple-lilac. Flowers of good substance. The easiest of the true Dutch Iris to force, flowering shortly after Wedgewood.
Three 80c, Doz. $2.95

WEDGEWOOD. Pure blue throughout of solid "Wedgwood-Blue" with standards just a bit more intense than the falls. The large flowers are particularly suited for cutting, when grown either indoors or outdoors.
Three 45c, Doz. $1.50

DAVID HARING. Pure white throughout, with very broad falls of excellent substance for cut flowers. A strong, stocky growing flower.
Three 45c, Doz. $1.50

HUCHTENBERG. A fragrant and early flowering variety. Both falls and standards are a rich golden yellow. The stems are excellent for cutting.
Three 45c, Doz. $1.50

MIXED COLORS. For a proper balance of color, one of the best cut flower investments possible is this complete hand-made mixture of all the varieties of Dutch Iris bulbs listed above. This inexpensively priced arrangement of "planned planting" is offered here to satisfy the needs of the most sparing garden.....Doz. $1.50

DUTCH IRIS

COLLECTION OF FOUR VARIETIES

If you wish a good assortment of Dutch Iris in separate colors for border planting, we suggest this combination—one variety each in dark blue, light blue, white, and yellow—with each color group separately packed and labeled.

40 Bulbs—10 Each of 4 Separate Colors—$4.75

CHIONODOXA - Glory-of-the-Snow

Blooming with the Crocus, Chionodoxa gives to the early spring garden a graceful and informal atmosphere not possible with plants more formal in habit. The open sprays carry many starry flowers of bright appealing blue, set off by white centers. They grow about 5 inches high and are ideal for sunny spots in the rock garden, or partially shaded locations along the edges of shrubbery or borderings. Plant 2 inches deep and 4 inches apart.....Doz. 75c

LYCORIS - The Mystery Lily

Sometimes referred to as the Hardy Amaryllis, the Lycoris Lily is one of the most unusual and beautiful of flowers. The attractive green foliage of Lycoris first appears early in the spring and flourishes until July, when it matures and disappears. Then suddenly in early August the flower stems appear, growing rapidly to a height of 2 to 3 feet when they burst into a lovely cluster of opalescent pink blossoms. Excellent for full sun, the Hardy Amaryllis grows even taller in partial shade. They are perfectly hardy and soon multiply to a large clump. Plant them in the fall for best results, 5 inches deep..... Each $1.95, Doz. $19.50

LYCORIS

BULBS *for*

Glorious spring flowers may be had from these bulbs. Once planted, they establish themselves quickly and form dense clumps that will continue to bloom year after year. Excellent subjects for the shaded places of the garden.

TROUT LILIES

FRITILLARIA MELEAGRIS

LEUCOJUM

FRITILLARIA IMPERIALIS

TROUT LILIES (Erythroniums)

These charming hardy American bulbs will produce lovely shades of white, cream, yellow, pink, rose and purple in your woodland or shaded place planting. They thrive in nooks, or in crevices or the rockery. The Lily-like flowers nod gently in April, on stems 6 to 7 inches high, above distinct, attractively mottled foliage. Plant them 4 inches deep and 2 to 3 inches apart.

FINEST MIXTURE ..... Doz. $1.25

LEUCOJUM (Summer Snowflake)

For sheer grace, no spring-flowering bulb can surpass the lovely Leucojum. Growing about 10 inches high, it produces 3 to 5 nodding white flowers much like the bells of the Lily-of-the-Valley, but about 4 times as large, beautifully tipped with small green dots. They are grown much like Daffodils, thrive best in the shade and if undisturbed. Ideal for flower arrangements.

VERNUM ..... Three for 50c, Doz. $1.75

STAR OF BETHLEHEM

Flowers of white, tinged green, that are open and star shaped. Height about 6 inches, blooming in mid-May. Excellent for naturalizing or under shrubbery.

UMBELLATUM ..... Doz. 75c

FRITILLARIAS

FRITILLARIA IMPERIALIS. The Crown Imperials with their stately form attract immediate attention wherever they are grown. These plants, often growing to 3 feet or more, carry huge trusses of vivid, bell-shaped blooms. Because of their height, it is wise to plant them in a spot sheltered from strong winds. They are perfectly hardy and may be left undisturbed for years.

IMPERIALIS, AURORA. Orange-red ..... Each 50c, Doz. $5.00

IMPERIALIS LUTEA. Yellow ..... Each $1.25, Doz. $12.50

FRITILLARIA MELEAGRIS. Lovely bulbous plants for rock garden and border use, they are often called the Checkered or Snake's Head Lily. Dwarf growing, these dainty plants, with their shy and drooping blossoms have great appeal when first seen in the early spring. They are perfectly hardy and naturalize easily. Height about 9 inches.

MELEAGRIS ALBA. White ..... 3 for $1.00, Doz. $3.25

MELEAGRIS, ARTEMIS. Gray-spotted purple ..... 3 for $1.35, Doz. $4.50

MELEAGRIS, ORION. Purple ..... 3 for $1.25, Doz. $4.25

SCILLA CAMPANULATA

SCILLA CAMPANULATA

(Wood Hyacinth)

The popular name aptly describes these ragged English bulbs. In early May, in full sun, or deep shade, even under evergreens, where few other things will grow, they produce erect stems clustered with the beautiful drooping bells of pink, blue or white, often growing a foot tall. Set 4 inches deep and 6 inches apart, in groups of six or more, and allow to form clumps.

BLUE ..... Doz. 75c
PINK ..... Doz. 75c
WHITE ..... Doz. 75c

Doz. 75c, 50 for $2.95, 100 for $5.50

LILY-OF-THE-VALLEY

Ideal for shaded locations. Lovely, fragrant sprays of pure white bells, measuring 6 to 8 inches in height, appear each May. Best planted in clumps, setting them 1 foot apart. The most desirable soil is a rich, sandy loam, enriched by a fall top dressing of well-rotted manure and leaf mold.

HEAVY FIELD-GROWN CLUMPS

LILY-OF-THE-VALLEY

MUSCARI PLUMOSUM

MUSCARI

(Grape Hyacinth)

HEAVENLY BLUE. The well known and most deservedly popular Grape Hyacinth. Few flowers combine with others as these lovely little harbingers of spring. With Daffodils they are nothing less than glorious, as you may well see from the picture. They are excellent also for edging spring borders, for rock gardens, around shrubbery and trees, and around old tree stumps where they nestle enchantingly. They may be planted as close as 2 inches apart for a massed effect. They soon form clumps and, being perfectly hardy, reappear each spring to surprise you again with their beauty.
Doz. 65c, 100 for $4.50

PLUMOSUM. Considerably taller than the usual Grape Hyacinth, growing 7 to 8 inches high. Instead of the tight-bunched Grape effect of Heavenly Blue, it carries quite long, feathered stems of rich violet. It requires the same culture; both can be grown indoors if desired.
Doz. 85c, 100 for $6.00

GIANT TRUMPET DAFFODILS

The bloom of the Trumpet Daffodil grows its crown or trumpet (cup), as long or longer than the Perianth (petals).

Duke of Bedford. *Bicolor Trumpet.* Among the best of the bicolor Daffodils of true trumpet size and form. Magnificently proportioned pure white perianth with a huge yellow crown. Grasslike foliage and tall, graceful stems. Easy to force and a strong grower.
Three for $1.00, Doz. $3.50

Godolphin. *Yellow Trumpet.* Broad-petalled yellow perianth, uniform in color throughout. Flowers are very erect and stately. Mid-blooming, and a splendid combination in the garden when planted among Single Early Tulips or massed on a bank with Tulipa Clusiana.....Three for $1.00, Doz. $3.50

Golden Harvest. *Yellow Trumpet.* Large golden yellow flowers suitable for exhibition purposes. Massive overlapping yellow perianth with a flaring laciniated crown. One of the most popular varieties for forcing. Early blooming.....Three for 80c, Doz. $2.75

King Alfred. *Yellow Trumpet.* A rich, lustrous golden yellow color throughout. Enormous sized blooms. Perianth measures over 5 inches across. Trumpet crown over 2 inches in diameter. A splendid standard variety for extensive garden plantings. Early blooming.
Three for 70c, Doz. $2.50

Rembrandt. *Yellow Trumpet.* A picturesque, tall and handsome golden yellow flower. Broad petalled perianth with segments slightly reflexing and fluted at the edge of the crown. Free-flowering and a great favorite in the border. Mid-blooming.
Three for 70c; Doz. $2.50

Spring Glory. *Bicolor Trumpet.* Another lovely bicolor Daffodil admired for its striking appearance and design. Pure white perianth and yellow trumpet, with petals slightly twisting forward from the base of the bloom. Delicately beautiful and of exceptional substance and form. Early blooming.....Three for 70c, Doz. $2.50

Whistler. *Yellow Trumpet.* A painted portrait of beauty and charm. *(Illustrated.)* The perfectly formed petals of the perianth are a luminous sulphur-yellow, augmented by a large trumpet cup in clear, deep yellow. The end of the crown is crinkled and frilled. Grasslike stems long and graceful. Early blooming.
Three for $1.00, Doz. $3.50

BARRI TYPE DAFFODILS

Barri type Daffodils grow their cups or crowns less than one-third the length of the perianth petals.

Firetail. (Mid-blooming.) Extremely showy and a great favorite in the garden. Broad petalled creamy-white perianth and large, blood-red cup with crimson-orange frill.....Three for 80c, Doz. $2.75

Lady Diana Manners. (Late-blooming.) Three distinct colors in this lovely variety. Perianth is pure white. The large cup is yellow and fluted with a broad orange-red edge.....Three for 80c, Doz. $2.75

MRS. R. O. BACKHOUSE
Leedsi. Here is the famous original "Pink Daffodil", and still the only one deserving that name. Delicately beautiful perianth of ivory-white, shading to clove-pink, and changing to shell-pink at the laciniated edges of the trumpet. It should be in every collection.

PHILIPPINE LILY

CENTIFOLIUM HYBRID LILIES

Similar to their parent, the Regale Lily, these new hybrids even surpass their illustrious forbears for garden beauty. The flowers are immense white trumpets borne on stems 5 to 6 feet in height, and are delightfully fragrant and showy. While all are pure white inside, their external coloring varies from emerald-green through tints of pink, to brownish purple. They are very hardy and have the same general culture as the Regales, blooming from late July until August.

Each 75c, Doz. $7.50

PHILIPPINE LILIES

Beautiful long, white blooms measuring 8 inches in length, tinged with pale emerald green. When thoroughly established, these lovely plants will form clumps with 3 or 4 flowering stems each yielding 4 to 5 large blooms. They grow easily in the garden and bloom in August. They make the very finest of all cut flowers for the home.....Each 50c, Doz. $5.00

REGALE LILIES

Of all Lilies the Regale is perhaps the most satisfactory for garden use here in America. The flowers are white with golden throats and golden anthers. They are luxuriantly fragrant and bloom in June and early July.

The Regal Lily is very floriferous, bearing as many as 20 flowers from a single bulb during the season.

Each 50c, Doz. $5.00
Mammoth Bulbs, Each $1.00, Doz. $10.00

EXHIBITION LILIES

In cultivation from ancient times, the Lily has served not only for herbal and medicinal purposes but also as nourishing food. As a garden subject today it is unsurpassed. Its glorious flowers and compelling form make it the most popular garden flower everywhere.

It is possible now to have an entire season of blooms from Lilies, according to the varieties planted. The Umbellatums are the very first to open with their brilliant bursts of scarlet and orange blooms. The tiny Tenuifoliums come next, and the procession of Lily blooms keeps on until the frost is under way. The Candidums and the Regales bloom in June, followed by the Henryi, Speciosum, and Superbums in all their opalescent glory.

MADONNA LILIES

(Candidum)

Known throughout the world as a symbol of purity. The universally known and loved Candidum is one of the most beautiful of all white Lilies to grace the garden. As shown in the picture, Madonna Lilies have heavy clusters of pure, pristine-white trumpet-like blooms, borne 3½ to 4 feet high on sturdy, attractive stalks.

The Madonna Lily is best planted in August and September, for unlike other Lilies, it starts its leaf growth early in the fall, producing a rosette of leaves that protects the plant better through the winter. It should be planted in a sunny well-drained spot, and will thrive in any ordinary garden soil. Madonna Lilies require shallow planting only, with the top of the bulb placed an inch or two beneath the surface of the soil. They bloom in late June and early July . . . Each 75c, Doz. $7.50
Mammoth Bulbs, Each $1.25, Doz. $12.50

AURATUM LILIES

The golden rayed Lily. The largest and to many people the most popular of the entire Lily family. The Auratum Lily often grows five feet high with individual blooms measuring as much as 5 inches across. These August-blooming flowers are intensely and beautifully fragrant, and grow in tremendous clusters atop their sturdy stalks. Plant Auratums deep—3½ times their diameter, for they are stem-rooting and need this protection. They need a well-drained location, preferably in acid soil. Medium sized bulbs . . . . . Each $1.25, Doz. $12.50

AURATUM PICTUM

An extremely scarce bulb bearing flowers of breath-taking splendor. The Pictum strain carries all the grace of the species Auratum and adds a crimson flush at the tip of each gold band that effects an exotic, never-to-be-forgotten beauty. It is like a fire-tipped star. For the Lily connoisseur, or for the gardener, who treasures a flower of exquisite beauty . . . . . Each $5.00

AURATUM SPECTACULAR HYBRIDS

Each of these Auratum Hybrids is finer by far than the original species, all having brilliant red markings, some being gorgeously spotted, others suffused cherry-toned hues. These bulbs have been especially set aside from the regular Auratums because they are so much better than the standard types. Each one is a distinct individual of great beauty . . . . . Each $6.50

LILIUM AURATUM

GRACEFUL LILIES

Speciosum Lilies

Of all the choice recurved type of garden Lilies, the Speciosum are the best known and the best liked. Tall and sturdy plants carry their well-branched sprays of delicately scented flowers. Even the foliage is decorative. The stems are gracefully curved, and the leaves are long and slender. The reflexing flower petals have a thick, glossy substance. They stand up beautifully as a cut flower and will likewise last a long time in the garden. Speciosum Lilies are easily grown and like a sunny position. They flower in August and September and require little attention other than occasional watering during the dry spells.

As Speciosum Lilies are stem-rooting Lilies, they must be planted deep in the soil, 9 inches or more. Good drainage should be provided, and also ground-shading plants should be planted near the bulbs, as this Lily dearly loves to have its roots shaded. Speciosum also loves good, rich earth, but has two dislikes, lime and fresh manure, neither of which should be used.

LILIUM SPECIOSUM MAGNIFICUM

An exotic cream-pink with a light edge and vivid display of crimson speckles. As shown in the picture, the petals are recurving and fluted on the edge. Exquisite form and coloring, and will grow 4 feet high. Speciosum Magnificum should be planted 8 to 12 inches deep in partial shade. It has few rivals for beauty and blooms in late August, and early September.....Each $1.25, Doz. $12.50

SPECIOSUM ALBUM

Pure white form of the Speciosum type—see illustration.
Each $1.50, Doz. $15.00

SPECIOSUM ALBUM

LILIUM SUPERBUM

The Superbum Lily, a native of the eastern coast of the United States is, as its name would imply, one of the very finest of all the Lilies. In late July the tall plants bear from 20 to 30 beautiful recurved flowers of varying hues, some being yellow spotted maroon, some being orange or even deep crimson, spotted black. It succeeds even in swampy land where other Lilies will not grow, and thrives in acid spots or in shady areas. Established plantings form clumps of several stalks which may reach 8 feet in height, proudly bearing the brilliant clusters of gracefully recurved flowers for which it is so justly famous. The Superbum Lily is a base-rooting variety and needs to be planted only 4 inches deep for best results.....Each 50c, Doz. $5.00

LILIUM HENRYI

A beautiful and stately Lily growing from 4 to 6 feet in height. The strong stems carry six or more nodding flowers of recurving shape (similar to the Speciosums) and are of a soft orange color with emerald-green hearts. Lilium Henryi should be planted where it is somewhat shaded (just inside of the shrubbery border would be ideal). As this variety is stem-rooting, it should be planted to a depth of 10 to 12 inches. Dependable and healthy, it will be enjoyed for many, many years. Lilium Henryi blooms in August.
Each 75c, Doz. $7.50

AT FLOWERFIELD

LILIUM UMBELLATUM

The Candlestick or Torch Lily so popular for use in the foreground of the mixed borders. The upright cup-shaped flowers of immense size are carried on short, sturdy, 12-inch stalks, and resemble chalices brimming over with precious wine. Easy to grow and establishing themselves quickly, they form large clumps of brilliant color in the June garden. Perfect for use as an edging.....Each 50c, Doz. $5.00

LILIUM TENUIFOLIUM

The charming Coral Lily is justly popular. It is an engaging little nymph, one of the first to bloom, rarely more than 18 inches tall, with lovely little recurved bells of brilliant scarlet on gleaming yellow. Its compact growth and bright color make it ideal for the rock garden or the low border. Likes a cool, damp loamy soil and partial shade. It is not a long lived specimen. and it is just as well to start a few new bulbs each year to keep your planting intact.

Tenuifolium Three $1.00, Doz. $3.50
Tenuifolium, Golden Gleam Three $1.50, Doz. $5.00

PHILADELPHICUM

A most attractive native Lily with upright yellow cup-shaped flowers, richly spotted with maroon and shaded orange at the ends of the petals. Many of these lovely plants form new tiny bulbs called bulbils along their stems or on the inner side of the scales. Philadelphicum are easy to grow, establish quickly and form good-sized clumps. An excellent plant for naturalizing it will grow 3 feet high and bloom in July.....Each 50c, Doz. $5.00

SUNSET LILY

The brilliant Sunset Lily is of easiest culture, in fact it's "fool-proof." It is vigorous, dependable, very hardy and multiplies readily, doing equally well in full sun or shade. Sunset Lilies reach a height of 5 to 6 feet. Each stout stem is topped with a dozen or more beautiful flowers in July, combining magnificently with the Regales. The petals are somewhat recurving and a brilliant sunset-red, while the base of the bloom is yellow. beautifully marked with amber-brown dots.....Each 50c, Doz. $5.00

Flowerfield Quality POPPIES

For an eye-filling display of rich, brilliant colors and graceful form, nothing quite equals Oriental Poppies when they come into bloom in May and June. The startling color effect and the satiny soft quality of the petals found in these Giant Oriental Poppies is fascinating almost beyond description.

Planting in late August or early September is recommended as Poppies enjoy the benefits of the soil more by becoming well established in the fall. We suggest that your orders be mailed as quickly as possible. Flowerfield's Giant Oriental Poppies grow as high as 30 inches or more.

Barr's White. Large pure white flowers with purplish black spots. This is a dependable, free blooming, healthy grower . . . Each 75c

Beauty of Livermore. Large, well-formed flowers of dark crimson, beautifully marked with black blotches. This excellent variety is quite abundant in bloom, and most satisfactory in the garden. Each 65c

Cedar Hill. Light pink variety with dramatic shiny black spots at the base of the petals. A delicate and strikingly beautiful gem for your garden . . . . . Each 75c

Enchantress. A lovely delicate shade of soft lilac-rose, one of the finest Poppies in its color class. A free flowering, strong growing plant that reaches perfection when grown in light shade. Three $1.50

May Sadler. Fascinating large flowers of salmon-pink, heavily lined at the base, both inside and out, with distinguished black markings. These markings are inconspicuous on the exterior of the flower, but stand out to advantage in the center of the blooms. Three $1.50

Joyce. A lovely soft red variety with finely formed large flowers, freely produced atop stiff, sturdy stems. This outstanding flower grows nearly 4 feet high, one of the tallest growing Poppies in the world.....Each 75c

June Delight. Considered by many as the best pink. It is a rugged grower, whose tall, straight stems are topped by La-France-pink flowers without the dark spots.....Each 75c

Olympia. A rich flame-colored, semi-double variety. A sturdy garden subject, multiplying rapidly and withstanding any sort of harsh treatment.
Three $1.50

Perry's White. These flowers are a fine satiny-white with a crimson-maroon blotch at the base of each petal. Should be planted in a favorite spot and given extra care. This is one of the sturdiest of the whites but not quite as vigorous as plants of other colors.....Each 75c

Sass Pink. No doubt one of the largest and finest of pink Poppies. The immense blooms are of fine crepy texture and of a lovely light delicate flesh-pink shade with gray-mauve centers.
Each 75c

Wurtembergia. A burning rose-red. A new color popular with many gardeners; for while it is a definite red, it does not have a glaring tone. The flowers are huge and very handsome.
Three $1.50

Cavalier

One of the largest Poppies in culture today. The flowers are huge blooms of deep crimson-scarlet, heavily marked with deeper tones that appear almost to be black. The blooms are distinctively crinkled, and freely produced .....Each 75c

Snowflame

A sensational bloom in Poppies. The lower half of the flower is pure white, the upper half a flame-orange, creating a most unusual and brilliant effect. The orange band of the upper half of the petals varies considerably in each flower, helping to increase the charm of this distinctive variety.
Each 75c

A PLANTING OF IRIS KAEMPFERI

IRIS

Orchids of the Garden

This beautiful flower, perfectly hardy and easy to grow, will tolerate spots that are too wet for many plants; yet will thrive perennially in well-drained locations if only supplied with sufficient water. Iris Kaempferi is entirely different from all other Iris and comes into bloom as the early summer flowers fade, continuing to bloom until mid-July.

Our own collection of Iris Kaempferi was started here at Flowerfield in 1895, an achievement of which we are very proud. Since then we have hybridized over 600 named varieties, and introduced to the public many original strains including Light-in-the-Opal, Betty F. Holmes, and Elbrus. A few varieties seen edging a reflecting pool, or a stream, is a landscape of beauty that will linger long in your memory.

These huge blooms of velvety texture measure 6 to 8 inches across. The leaves are long, narrow and gracefully formed, and the plants remain decorative even after the blooming period is over. It is no wonder that Iris Kaempferi is called the "Orchid of the Garden." Excellent for cutting, it will grow 3 to 4 feet high.

Betty F. Holmes. The most luxurious of all the white Iris. Very tall, it blooms abundantly and enhances the beauty of any other Iris near which it is grown. Its double set of large petals have a texture of rich velvet which sparkles in the sunshine. Pure white with no other coloring.....Each 75c, Doz. $7.50

Bokhara. Lovely rich reddish toned variety of striking form. The huge flowers of fine substance and velvety texture are carried proudly atop straight, sturdy stems.....Each 75c, Doz. $7.50

City of Dreams. A late blooming variety, usually not in full bloom until mid-July. These large flowers are of the richest royal-blue, with a velvety texture that adds great luster. Recommended for massing.....Each 50c, Doz. $5.00

Carlton Childs. A lovely soft pink-petalled single Iris of fine stature and excellent habit. The beauty of each petal is enhanced by burgundy-wine colors flowing from inconspicuous dark veins.
Each 50c, Doz. $5.00

Dimooneathe. This stunning looking Flowerfield creation is one of our prize-winning originals. A lovely double of soft pale blue, it is tall growing, 3 to 4 feet high, often yielding blooms measuring 8 inches or more across. Dimooneathe is a prize to be desired. It is new, different, and considered by many to be one of the most enchanting blues to ever grace a garden.
Each $1.50, Doz. $15.00

Ganymede. A gorgeous pink whose double flower measures eight inches or more across. Ruffled at the edges, the throat is surrounded by a halo in delicate blue giving the bloom an effect of indescribable beauty. These profuse Ganymede pinks are perfectly placed on strong stems.....Each $1.00, Doz. $10.00

Eumee. Medium blue flowers of single type shaded with lines of deep violet. The yellow midrib is exceptionally bright, making the Eumee an unusually striking flower....Each 50c, Doz. $5.00

Grace Sperling. A lightly veined petal in soft violet-blue whose small milk-white standards rise from a deeply colored lemon-yellow throat. A single flower of exquisite color combination, its profuse bloom lasts late into the season..Each 50c, Doz. $5.00

Jeanette Parry. Very large, single petals of light blue are softly veined in deep purple. A single Iris of fine stature and excellent habit, the blue counterpart of Carlton Childs.
Each 50c, Doz. $5.00

Koki-No-Iro. A large double flower of dark blue-violet with hardly any perceptible veining. Purple and gold in color, it is one of the best known and most dependable of the older varieties of Iris; being known also by the names Pyramid and Midnight. It is extremely lavish with its bloom, and even small plants yield many flowers.....Each 50c, Doz. $5.00

Light-in-the-Opal. One of the most outstanding of all Irises. A gorgeous orchid-pink whose double flowers measure 8 inches or more across. Ruffled at the edges, the throat is circled by a delicate blue halo giving to the entire effect of indescribable beauty. A Flowerfield origination and a masterpiece of which we are justly proud.....Each $1.00, Doz. $10.00

Melpomene. Soft blue double flowers of extra large size and fine substance. This is a late bloomer like the City of Dreams, and is of medium height with blooms well above the foliage.
Each 75c, Doz. $7.50

Mountain Glacier. This large white Iris is tinted with delicate shades of blue, suggesting the beauty of a mountain ice field. Mountain Glacier is a profuse bloomer that combines magnificently with other colors.....Each 75c, Doz. $7.50

Repsime. Last to be listed and last to bloom. The flowers are a beautiful azure-blue and are completely double. A variety of exceptional merit.....Each 75c, Doz. $7.50

Kaempferi

La Favorite

An exceptional double flower. The delicate blue-white color of the falls is faintly laced with fine purple veins, creating an effect of pure white at a distance. Its coloring is subtle and gracefully beautiful.
Each 50c, Doz. $5.00

LA FAVORITE

Kongo San

A large, dark blue-purple in which a narrow white bank circles the yellow center, creating a most beautiful contrast with its sweeping petals. Kongo San's early bloom makes it a "must" for those who would enjoy a full season of color.

EARLY FLOWERING DWARF IRIS

FLOWERFIELD *velvet*

SIBERIAN IRIS

Siberian Iris will grow indefinitely in your garden. These colorful medium sized blooms, measuring 3 to 4 inches across, on plants 3 feet tall, are unsurpassed as cut flowers.

Siberian Iris blooms in June and is most attractive when used in masses among the Peonies. The plant forms a dense clump capable of yielding 25 to 50 lovely flower stalks. Siberian Iris is extremely graceful. The foliage has a high degree of water tolerance and can stand "wet feet" even in winter.

BUTTERFLY. Delicate soft blue flowers on extremely graceful plants. Very effective with pink Peonies. Height 36 inches ..... Each 40c, Doz. $4.00

PAPILLON. Luxurious color of self light blue. A scintillating display when planted in clumps. Height 36 inches ..... Each 50c, Doz. $5.00

PEGGY PERRY. (Illustrated.) One of the most beautiful of all Siberian Iris. Dark violet-blue. Height 40 inches ..... Each 50c, Doz. $5.00

PIGMY. A low-growing variety, excellent for use in the foreground. Dark violet-blue. Height 28 inches ..... Each 40c, Doz. $4.00

SNOW QUEEN. Exquisite snow-white flower produced in great abundance. Foliage light and graceful. Height 38 inches ..... Each 50c, Doz. $5.00

YELLOW IRIS PSEUDACORUS

Very similar in habit of growth, flowering time, and shape to Siberian Iris. Excellent combination of color can be had by adding this yellow to the white and blue of the Siberian Iris. The flowers will naturalize readily along ponds and streams, and will stand heavy moisture ..... Each 40c, Doz. $4.00

MINIATURE IRIS

(Re-blooming)

There is a lovely charm to these little fellows that makes them very desirable in gardens of any size. Miniature Iris show their best appearance in clumps or beds, blooming in the early spring and re-blooming again in late September. They are most independent in habit and self-sufficient, taking good care of themselves when once established.

AUTUMN QUEEN. Pure snow-white. Wide flowers and easy to force. Three for $1.15, Doz. $3.50

LIEUT. CHAVAGNAC. A new re-blooming violet variety. Colorful and fragrant. Three for $1.25, Doz. $4.00

EARLY FLOWERING DWARF IRIS

(Pumila)

These little cousins of the Tall Bearded Iris are identical in flower and soil requirements. They are hardy, multiply rapidly, and are considered the finest edging plants in cultivation. They grow only 4 to 9 inches high. Early Flowering Dwarf Iris will bloom with the Tulips in April and May.

EXCELSA. Clear pale yellow. Wide flowers ..... Three for $1.25, Doz. $4.00

FAIRY. Pale blue flowers with lavender tints ..... Three for $1.25, Doz. $4.00

LADIES OF PEELING. Lovely self-colored light blue flowers. Three for $1.15, Doz. $3.50

IRIS SIBERIAN PEGGY PERRY

textured IRIS

TALL BEARDED IRIS

Coming into bloom in late May and June, the Bearded Iris are perhaps the best known members of the Iris family. Of tall, bold form, they provide wonderful splashes of color to the garden scene. Extremely hardy, the Bearded Iris thrive anywhere and multiply rapidly. They may be planted in full sun or partial shade. When the flowering period has passed, the foliage may be cut back to about 6 inches to make room for other flowers.

The brilliant colors of the newer varieties listed below will bring your Iris planting up to the level of the fanciers' collections.

CHINA MAID. The large well-proportioned flowers of this pink Iris are exquisite in coloring. Both the standards and falls are of clear pink, delicately veined with lilac that blends toward a fluted edge of pale bronze.....Each $1.25, Three for $3.50

CRYSTAL BEAUTY. Clear white blooms on tall, shoulder-high stalks. This very early blooming variety has sweetly scented and perfectly formed flowers. Splendid for the background of the border.....Each 45c, Three for $1.25

DOGROSE. A most desirable pink-toned variety. The color is exceptionally clear, glorified by a deep golden beard. Height 3½ feet.....Each 45c; Three for $1.25

GREAT LAKES. A clear light blue Iris of uniform color and beautiful form. Winner of the Dykes Medal for 1942. A variety that should be in every collection. Each $2.50

GOLDEN MAJESTY. Deep golden yellow blooms of majestic size and beautiful form. A most noteworthy variety. Height 3½ feet.....Each $1.25, Three for $3.50

HAPPY DAYS. A clear golden yellow flower of exceptional size. Plants are of vigorous growth. Height 3½ feet.....Each 45c, Three for $1.25

SIERRA BLUE. The violet-blue color of this lovely variety is like a vision of mountains in the distance. Of magnificent height, it carries the smooth waxlike blooms 4½ feet aloft. Sierra Blue is a gorgeous background subject for the border. Each 60c, Three for $1.50

THE BLACK DOUGLAS. The intense black-violet color and the velvety texture of this variety is exciting drama in itself. The standards are of deep violet with falls of violet-blue. Height 3½ feet.....Each 45c, Three for $1.25

TIFFANY. A large-flowered, cream-colored plicata type whose petals are bordered or etched in rose-violet. An exquisite delicately colored flower of rare charm. Height 2½ feet.....Each $1.00, Three for $2.75

WABASH. An amoena type. A flower of sharp and pleasing contrasts. The standards are glistening white and the long falls of brilliant violet have a narrow white edge. Height 3 feet.....Each $1.50, Three for $4.25

SOUVENIR DE MAXIME CORNU

Tree PEONIES

Few plants equal the magnificent display of a well-established Tree Peony. The flowers are unusually beautiful and rare, possessing all the colors found in regular herbaceous (garden) Peonies, as well as pure yellow, yellow and orange, lavender, violet and purple. The plant does not die down like the herbaceous Peonies, but forms a shrub so that in time a single plant will attain a height of 4 to 5 feet, and carry as many as 200 flowers. These are always at least as large as other Peonies, sometimes measuring up to 10 inches across. They thrive in any well-drained soil, in partial shade as well as full sun. They like well-decayed manure and bonemeal, as well as some protection from heavy winds. It is also wise to protect the flower buds against late spring frosts.

We furnish heavy field-grown Tree Peony plants, packed and shipped in a ball of peat and earth. They are 3 years old, or older, and are much superior to young pot plants.

Light Pink Shades	Each $5.50
Dark Pink Shades	Each $5.50

Sweet-Scented VIOLETS

Violets are among the most beloved flowers in the world. Their cheerful colors and sweetly scented blossoms grow in almost any kind of soil. They are unexcelled for use in the border, and thrive in full sun or shade. Violets complement other flowers with their heart-shaped leaves and dark green clumps, forming carpets of luxuriant bloom.

PRINCE OF WALES. A rich, deep purple, sweetly scented with large blooms. This beautiful variety flowers in May and usually again in the cool weeks of the fall. Height 6 inches. Three $1.35, Doz. $4.50

ROSINA. Deliciously fragrant flowers of pink or old rose. Rosina is not as large as the blue types, but usually flowers again in late autumn. Three $1.50, Doz. $5.00

ROYAL ROBE. A glorious variety with a lustrous shade of deepest violet-blue. Royal Robe has a transcendent beauty whose picture to at right should speak for itself. It is a large, delicately fragrant blossom that opens out flat like a Pansy. A trial in your own garden will realize your fondest hopes. Even a few plants will furnish quantities of bloom on stems often 12 inches in length. Three $1.75, Doz. $6.00

WHITE QUEEN. An exquisite white violet, bearing large flowers high above its dense, dark green foliage. This variety provides a necessary contrast to the deeper colors, and combines well with any of the above. Three $1.50, Doz. $5.00

ROYAL ROBE

Border Plants

ALYSSUM (Basket of Gold)

With their bright yellow blossoms fairly covering the low-growing plants, the hardy Alyssums are a delight in the early spring. They will give an enchanting effect with the pink and lavender Tulips.

ALYSSUM SAXATILE CITRINUM. Large clusters of lemon-yellow blossoms on plants 12 inches high. A much improved and newer variety.
Three for $1.50, Doz. $5.00

IBERIS (Hardy Candytuft)

Hardy, attractive low-growing plants ideal for use in edging the borders or garden walks. Covered with fragrant flowers in early spring, the plants themselves remain always decorative, adding a cool note to the garden design with their dark, evegreen, boxwood-like foliage. Height 12 inches.

SEMPERVIRENS. Masses of white flowers in April and May. Ideal as an edging plant, it can also be used as a ground cover since it tolerates light shade.....Three for $1.40, Doz. $4.50, 100 for $27.50

SNOWFLAKE. More compact in growth than Sempervirens, the pretty white flowers are three times as large, completely covering the plant. Excellent for edgings.....Three for $1.50, Doz. $5.00, 100 for $32.50

TULIPS EDGED WITH CANDYTUFT

MERTENSIA

Virginia Blue Bells, a woodland plant but, by reason of its early and profuse flowering habit in the cool spring weather, it has been found to be adaptable to open border planting. As a companion to the Tulips and the late-blooming Daffodils, the Mertensias are ideal. They are equally happy in shaded and moist locations.

Virginica. Large clusters of clear blue bells tipped with bright pink. The plants grow about 18 inches tall.
Three $1.50, Doz. $5.00

MERTENSIA

PHLOX DIVARICATA

A native hardy plant worthy of extensive planting, especially in combination with Tulips or other early spring-flowering bulbs. The large, sweet scented, blue-lavender flowers are carried on stems 10 inches long. To fully appreciate its attractiveness, see the pictures on pages 6 and 8 where it is shown combined with plantings of Tulips.
Three $1.45, Doz. $4.50

PHLOX SUBULATA

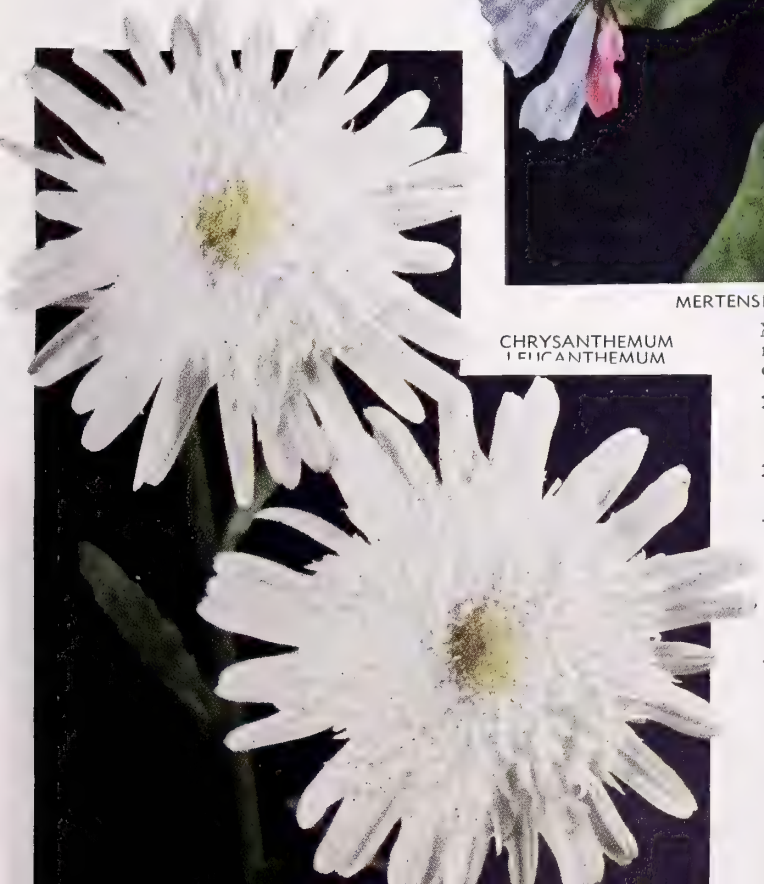
(Moss or Mountain Pinks)

Early spring flowering plants with pretty mosslike foliage. In bloom in April and May, the plants are covered with tiny star-shaped flowers that form dense mats of color. Excellent for the rockery, they are also desirable as an edging for the Tulip and Daffodil plantings. Height 6 inches.

MAYSNOW. With pure white flowers in great profusion, these fine compact plants of neat habit are most adaptable for border use.
Three $1.50, Doz. $5.00

FAIRY. Pale blue with dark purple eye. Slow growing and neat in habit. Excellent with the border Daffodils.....Three $1.45, Doz. $5.00

VIVID. Bright pink with a darker eye. Neat and compact. Often planted in combination with Maysnow.....Three $1.45, Doz. $5.00



CHRYSANTHEMUM LEUCANTHEMUM

CHRYSANTHEMUM LEUCANTHEMUM

WHITE SWAN. A somewhat smaller flowered form of the popular Shasta Daisy, White Swan blooms in May and has earned the name of Memorial Day Double Daisy. Lovely, double white flowers in great profusion with as many as twenty to thirty flowers on a plant. Height 2½ feet. Excellent with the Bearded Iris.....Three $1.50, Doz. $5.00

DICENTRA SPECTABILIS

Flowerfield's PLANTS

FUNKIA (Plantain Lilies)

Funkias grow in shaded borders or locations shaded most of the day. They grow well in any soil but in rich soil develop to exceptionally large plants.

Coerulea. An exceptional border plant with broad dark green foliage. Flower spikes grow to 2 feet or more bearing blue trumpet-like flowers in July and August.
3 for $1.25, Doz. $4.00

Coerulea Variegata. A beautiful edging plant admired for its colorful foliage as much as for its fine Lily-like blue flowers. The leaves are pure white, heavily marked with bright green.....3 for $1.25, Doz. $4.00

Subcordata Grandiflora Alba. In August and September this has tall, Lily-like stems with pure white trumpet flowers 4 inches or more in length. A fine addition to the garden. Excellent for use in shading roots of Lily bulbs.
3 for $2.00, Doz. $6.50

DICENTRA (Bleeding Heart)

One of the most useful plants for the spring garden. Dicentra is noted for its beauty when grown in a shady spot, yet is outstanding for combining with such sunlovers as Peonies, or the early varieties of Hemerocallis. Flowerfield has long specialized in growing Bleeding Heart, for there are few more satisfactory garden plants.

Eximia (Plumy Bleeding Heart). Beautiful finely-cut dark green foliage on these foot and one-half bushes are simply covered with racemes of pretty pink flowers throughout the season. It is perfectly hardy, at home in full sun or full shade and is, at all times, very decorative.
3 for $1.75, Doz. $6.00

Spectabilis. Commonly known Bleeding Heart, this versatile favorite is equally at home in sun or shade, or even in the greenhouse, where it forces quickly and easily. The plants are large, 2 to 3 feet tall and often spreading 4 to 5 feet. The long, showy racemes of heart-shaped flowers and the ever-attractive foliage make them one of the most decorative and most useful springtime plants.
Each 65c, Doz. $6.50

Sweetheart. A new rare variety of Bleeding Heart. The beautiful fernlike dark green foliage is finely-cut similar to that of the Dicentra Eximia. Plants grow to a height of 12 inches and bear racemes of pure white perfectly heart-shaped flowers. A new beauty for your garden.
Each $2.50

HARDY ORCHID, CYPRIPEDIUM SPECTABILE

for SHADED PLACES

ASTILBE (Perennial Spirea)

The Astilbes are sturdy, 2- to 3-foot plants with finely-cut attractive foliage that is very desirable throughout the summer. Above this foliage burst great sprays of very delicate lacy flowers. Astilbes are excellent for shade, however, they may be used in full sun if they have an abundance of water at all times. Because of this the Astilbes are most useful in the damp spots in the garden where most other flowers will not grow. Soil should be deep and rich with plenty of leaf mold and manure. Flowerfield's Astilbes are among the hardiest of plants, standing the most severe winters.

Peach Blossom. Great feathery plumes of pale pink flowers. The picture displays its fine beauty....3 for $1.50, Doz. $5.00

White Beauty. A very free flowering pure white produced on bushy plants of heavy foliage. Blooms are fully double and extremely feathery.....Each 75c, Doz. $7.50

HARDY ORCHIDS

These hardy cousins of the greenhouse Orchids, though not so large, are fully their equal in grace and beauty. Blooming in May and June, their charm is greatly enhanced when planted in the shade, where surrounding greenery provides a cool, restful background for the colorful flowers. They like abundant moisture at all times.

Cypripedium Acaule. Called the Red Lady's Slipper, though the color is really rosy purple, veined darker. The leaves are somewhat oval in shape, and often lie flat or close to the ground .....3 for $1.75, Doz. $6.00

Cypripedium Pubescens (Yellow Lady's Slipper). Large flowers of attractive pale yellow, borne on long stems atop whorls of twisted, narrow foliage.....3 for $1.75, Doz. $6.00

Cypripedium Spectabile (Showy Lady's Slipper). Flower stems run 1 to 2 feet in height with large rose-purple or pure white orchid blooms..... 3 for $2.50, Doz. $8.50

ORCHIS SPECTABILIS. Called the Showy Orchid. Stems from 8 inches to a foot in height, with erect spikes carrying from 3 to 8 delightfully fragrant flowers of violet-purple, variegated with lighter purple and white. Truly an outdoor Orchid with all the exotic beauty of the tropics....3 for $1.75, Doz. $6.00

ASTILBE, PEACH BLOSSOM

HARDY PRIMROSES

Probably the most colorful of our early spring flowering plants. succeeding best in dampness and shade. While the name primrose seems to suggest a delicate nature, the reverse is quite the case. They are perfectly hardy in the coldest climates, and live year after year. forming large clumps that divide easily. Ideal for naturalizing in shady woodland areas. Flowering in May and June they combine beautifully with the spring bulbs such as Tulips, and Narcissus of the Poeticus type. They are particularly attractive with Mertensia Virginica.

Cashmeriana. Large heads of pleasing purple. Flowers are not flat like other Primulas, but are made up of small florets in tight globular heads.....3 for $1.50, Doz. $5.00

Japonica. Abounds in rich colors from crimson to rose to almost white. Excellent for contrasting with true yellow Primroses. Needs moisture .....3 for $1.50, Doz. $5.00

Veris Hybrids. Resembles the old-fashioned Cowslip, but in addition to yellow, contains a wide range of buff, orange, salmon and other rich tones.....3 for $1.45, Doz. $4.50

Vulgaris. True old English Primrose with large, pale yellow flowers. The one most people know.....3 for $1.35, Doz. $4.25

HARDY PRIMROSE—FLOWERFIELD'S GIANTS

Flowerfield's Giants

A magnificent strain of these lovely flowers in a splendid and comprehensive range of colors—pinks, yellows, lavenders and scarlets. Florets are wide open and large, with petals of velvety texture. Prettily crinkled foliage of a rich green.

CALENDAR OF BLOOM

A full season of bloom can be enjoyed by your own choice of the varieties listed below:

May. Orange King, Gold Dust.

June, July. Ophir, Thunbergi, The Gem, J. R. Mann.

July. Olif, Patricia, Toreador.

July, August. Hyperion, Kwanso Flore-Pleno.

The modern Daylily offers a delightful addition to the garden. The older forms are well-known and wide-spread, both in the garden, and in the wild where some types have escaped and formed great beds. The new hybrids have been developed to the extent that they produce more flowers to the stem than any other common plant, in colors ranging from the palest yellow to pinkish apricot through to deep orange-red.

Daylilies thrive in full sun or partial shade. They are suited to either border use or when planted as a low hedge close to the house, along the driveway, or "spotted in" with low growing foundation plantings. Once established, they practically require no further care, growing in any kind of soil in any section of the country.

Hemerocallis hybrids combine beautifully with such varied subjects as Iris, Peonies, and many other modern garden plants. A full and continuous season of these lovely flowers can be had by utilizing Flowerfield's Calendar of Bloom as shown on these pages.

HYPERION

KWANSO FLORE-PLENO

Kwanso Flore-Pleno. A really different variety, unique for its color and form among all other Daylilies. *(Illustrated.)* Its large, double golden bronze blooms are full-centered, in marked contrast with the usual growth of other open-trumpet flowers. One of the best for cutting. Kwanso Flore-Pleno blooms in late July and August. Height 36 inches. Three for $1.35, Doz. $4.50

COLLECTION

of 3 Superb Daylilies

Ophir Olif Patricia

OLIF

Gold Dust. A lovely glowing free-flowering variety, producing clusters of rich, golden yellow trumpets on long, slender stems. This gorgeous bloom is very effective when planted in light shade or wherever foundation plantings taper off. Gold Dust is one of the earliest of the Daylilies to bloom in May. Height 1½ feet.
Three for $1.35, Doz. $4.50

Hyperion. An exhibition variety and a real beauty. Hyperion is a Class A winner of the Award of Merit of the Royal Horticultural Society of Great Britain. *(Illustrated.)* Its beautiful flowers are a fine citron-yellow of large size and long trumpet form, producing numerous blooms on stems 40 inches long. Vigorous in growth, a single plant will soon develop into a strong, floriferous clump. Perfectly hardy. Blooms through July and August with flowers often appearing as late as Labor Day. Height 36 inches.
Three for $1.35, Doz. $4.50

J. R. Mann. Delicate frosted buff and yellow flowers on 3½-foot stems. Prefers partial shade, but will do excellently in full sun. Like all Hemerocallis, it should be divided and replanted every third year to ensure freedom of flowering. Blooms in June and July.....Three for $1.35, Doz. $4.50

Olif. Lovely large flowers in pure glistening yellow throughout. *(Illustrated.)* Blooms are erect with branching scapes, resembling a wide-mouthed bell. Most luxuriant along the borders of ponds, in driveways, or when grown in partial shade. Blooms in July. Height 38 inches.....Three for $1.50, Doz. $5.00

Ophir. Large clusters of golden yellow trumpet-shaped flowers, 25 or more to a stem. Flowers have a golden yellow throat flushed with colorful yellow veins in the center of the petals. Blooms in June. Height 36 inches.....Each 75c, Doz. $7.50

Orange King. A colorful free-flowering variety. Orange King is best adapted to naturalized plantings for its sturdy growing habits and ability to readily establish itself in any kind of soil. Lovely clear orange flowers. Among the first of the Daylilies to bloom in early May. Height 42 inches.....Three for $1.35, Doz. $4.50

Patricia. A new variety and one of the finest clear yellows among all recent Hemerocallis introductions. The huge flowers have a wholesome fragrance, opening 3 inches across, with scapes measuring the same length as the leaves. Superb for naturalizing in grassy places. Blooms in July. Height 38 inches.....Each $1.50, Doz. $15.00

The Gem. A tall, robust growing plant with shiny orange-yellow flowers. The buds open well in water and have a delightful fragrance. The flowers, though short-lived, multiply in amazing succession on stems 3½ to 4 feet high. Excellent in the border. Blooms in June and July.
Three for $1.35, Doz. $4.50

Thunbergi (Lemon Lily). An original and older type Hemerocallis still widely used, especially for its late flowering habits. This reliable plant always grows 3 to 4 feet high with clouds of pure lemon-yellow flowers. One of the best for massing. Blooms in early July....Three for $1.25, Doz. $4.00

Toreador (Red Hemerocallis). Perhaps the most popular Daylily of them all. *(Illustrated.)* This darker, bolder flower is ideal for light spaces where its dusky beauty may be displayed with maximum color contrast. Try it, for instance, in the foreground of a mass of yellow Thunbergi. Toreador is another unexcelled new hybrid introduction by Flowerfield. Blooms in July. Height 42 inches.
Each $2.50

GARDEN COLLECTION OF FINE DAYLILIES

ORNITHOGALUM AUREUM

Many popular hardy fall bulbs may be flowered indoors before their natural season, provided there is sufficient light and the temperature of the room is not too high. Better results of course can be obtained in a greenhouse.

A careful selection of bulbs best suited for indoor forcing is offered on these pages with a view toward relieving the dreariness of long winter days when so few really attractive flowers are available.

Ornithogalum

Aureum. This charming flower is commonly known as the Yellow Star of Bethlehem. It is a splendid pot plant for growing indoors during the winter months. Large cupped, brilliant gold blooms, borne in clusters on stems 12 inches high. Requires a cool, well-lighted position. Highly recommended.
Doz. $1.00, 100 for $7.00

HYACINTHS FOR INDOORS

These delightfully fragrant flowers can be grown indoors in clay pots, in bowls or in Hyacinth water-glasses. Bulbs wanted in flower for Christmas should be potted in September and for succession later at intervals as desired. Complete cultural directions will be included with each shipment.

Bismarck. One of the loveliest pure blues for indoor culture. Large trusses. Sweetly fragrant . . . . . Three $1.50, Doz. $5.00

Pink Pearl. Lovely soft rose-pink. Flowers and trusses large and compact.
Three $1.50, Doz. $5.00

L'Innocence. Exquisite pure white. Large bells and sturdy spikes . . . Three $1.50, Doz. $5.00

Jan Bos. Clear crimson.
Three $1.50, Doz. $5.00

PAPER-WHITE NARCISSUS

PAPER-WHITE NARCISSUS

Unexcelled for forcing indoors, growing easily in pebbles and water or potted in sandy loam. Even a single bowl of half a dozen bulbs will brighten an entire room, exuding a sweet, intense fragrance unequalled by any other winter bulb.

Paper-White Grandiflora. The popular bunch-flowering pure white Narcissus, frequently growing thirty individual blooms from a single bulb. *(Illustrated above.)* . . . . . Three 50c, Doz. $1.75

Soleil d'Or. Exquisite deep golden yellow. Similar in habit and culture to Paper-White Narcissus. Beautiful in the home . Three 75c, Doz. $2.75

Note: These bulbs are not winter hardy outdoors.

BULBS *for* INDOORS

AMARCRINUM

The magnificent Amarcrinum has the appearance of a mammoth Amaryllis, but its color is an even frosty pink. Great trusses are borne proudly aloft on 4-foot stems. Indeed, so worthy is this American creation that it won the coveted Cory Cup of the Royal Horticultural Society of Great Britain. Delightfully scented. December delivery.

Each $3.50, Doz. $35.00

AMARCRINUM

YELLOW CALLA

YELLOW CALLA LILY

The yellow Calla is truly one of the loveliest of flowers for indoor culture. The spear-shaped leaves are mottled green and white; an added attraction even before the flower blooms. Height 18 inches.....Each 50c, Doz. $5.00

GIANT HYBRID AMARYLLIS

AMARYLLIS

Formosissima. Known as the Jacobean Lily, this splendid semi-hardy bulb produces brilliant scarlet flowers of butterfly shape and form. It multiplies rapidly and will form fine clumps in an enchanting array of color. Easily grown in the home.....Each 50c, Doz. $5.00

Giant Hybrid Amaryllis

There are few bulbs that give the amateur gardener more for his time and money than the Amaryllis. This is the finest race of Amaryllis in cultivation, and has excellent form as well as a diversity of colors and markings. Plant them with the neck of the bulb protruding on the top of the soil. November delivery.

BULBS *for* INDOOR FORCING

BARTIGON

BARTIGON. *Darwin.* One of the original old-time favorite Tulips of the crimson color strain. *(Illustrated above.)* Pure white and blue inner base. Excellent for forcing from January 15th. Height 26 inches.....Doz. $1.75, 100 for $12.50

TULIPS

The easiest way to force Tulips indoors, or in the greenhouse, is to place the bulbs in pots or flats in early fall, and use soil of loose structure. After potting the bulbs, place them outside or in cold storage at a temperature of around 50 degrees Fahrenheit.

Tulips require 8 to 12 weeks to form a satisfactory root system before forcing. The bulbs are then ready to be brought indoors. The temperature thereafter should vary between 60 and 70 degrees Fahrenheit, depending on the time desired for flowering. The Tulips listed below are good for forcing from around January 1st. Cultural directions will be included with your orders.

Albino. (Cottage.) Exquisite pure white flowers with reflexing petals. Height 20 inches.....Doz. $1.75, 100 for $12.50

Golden Harvest. (Cottage.) Bright canary-yellow, turning to gold at the edges. Height 27 inches.....Doz. $2.00, 100 for $13.50

Prunus. (Darwin.) A rich tapestry of coloring in pure salmon-pink. Height 24 inches.....Doz. $2.00, 100 for $13.50

William Copeland. (Darwin.) Beautiful pale magenta with luminous light effects in petals. Height 24 inches.....Doz. $1.75, 100 for $12.50

William Pitt. (Darwin.) Exhibition variety. Large cochineal-red with darker shadings toward base. Height 24 inches.....Doz. $2.00, 100 for $13.50

LILIUM LONGIFOLIUM

Lilium Longifolium, Peerless. One of the most beautiful Lilies in cultivation for growing indoors. The flowers are large, pure waxy white, possessing a magnificent fragrance. Lilium Longifolium Peerless is particularly popular for its Easter blooming period, as the plants in pots serve so well for Easter offerings and presents. These bulbs are kept in special storage at Flowerfield to insure proper condition. November and December deliveries.
Each $1.75, Doz. $17.50

FREESIAS

Popular winter-blooming bulbs that are much prized for their fragrance and attactive form. Easily grown, a succession of blooms may be had from Christmas until June by starting them from August until February. Plant 6 to 12 to a pot. Cultural directions included with each shipment.

STRAWBERRIES

Everybody, it seems, is growing strawberries this year with unbounded enthusiasm. The varieties we offer are heavy-bearing and are being received by our customers with very gratifying results. If you include everbearing varieties, you can pick fresh strawberries out of your own garden from June until November.

We recommend early plantings to enable the roots to get established before the advent of winter. Shipping season August to October.

Catskill. An outstanding variety for quality flavor, producing heavy crops year in and year out when well established. The berries are bright red, have firm flesh and are large sized. They ripen in mid-season and continue through the late picking period. Excellent for canning ..... Doz. $1.65, 100 for $11.00

Dorsett. The ideal garden variety for second early. Berries uniformly large and elongated with rounded tips. Grow well in heavy soil and are very productive. Unusual sweet flavor ... Doz. $1.50, 100 for $10.00

Fairfax. The best new variety for a main crop. Fairfax berries ripen after Dorsett and will grow over a longer period of time. The fruit has a waxen luster and is intense bright red. Extra delicious and a superb yielder ..... Doz. $1.50, 100 for $10.00

Premier. One of the best known early varieties. Premier produces an abundance of large bright flame-colored berries ideal for preserving. The berries are firm, conical in form, and will keep their color after picking ..... Doz. $1.65, 100 for $11.00

Red Star. Fruit is bright glossy red and sweetly flavored. A vigorous grower and strong yielder. One of the best late varieties.
Doz. $1.65, 100 for $11.00

Everbearing Strawberries

Gem. An everbearing variety that will thrive in all types of soil. It is uniform in size and sweetly flavored. Gem everbearing strawberries have less acidity than other types and grow especially well in cold climates ..... Doz. $1.75, 100 for $11.50

Mastodon. The most productive of all the everbearing varieties. Mastodon is of immense size, particularly sweet and will adapt itself to all conditions of climate and soil ..... Doz. $1.75, 100 for $11.50
